FOREWORD

Again we send forth this Handbook of Information as a service to our pastors, congregations and all other Conference workers. To produce this annual publication requires the joint effort and co-operation of many people. A sincere word of appreciation is herewith expressed to each one who has had a share in the task of its preparation.

Since this issue of 1959-1960 may be thought of as the centennial edition, it reminds us of its historic value. It would indeed be most interesting if from the very beginning a book like this would have been issued each year. Then names which are now for the most part lost to Mennonite history would appear upon its pages indicating the part these people have had in making the history of the General Conference.

While the aim of this handbook is to furnish current information, it might be well at least for those who have an historic sense of value to save these copies for future reference. Thus the coming generations may look back and see who were the moving spirits serving in Conference activities. That the Lord may again bless this booklet as a service in the greater fields of work within the General Conference Mennonite Church is our sincere prayer.

CENTRAL OFFICES AND BOOKSTORE

This building, containing over 9,000 square feet of floor space, is a gift of Mrs. Elva K. Leisy as a memorial to her parents, Mr. and Mrs. H. P. Krehbiel. Completely remodeled and arranged for office use by the Conference, it now houses all Conference offices, vault, bookstore, and storage facilities.

Conveniently located across from the post office in Newton, it is assured of quick communication which is so essential to the work of the Conference. Newton, a city of over 14,500 is a main division point on the Santa Fe and on the crossroads of several major highways.

Besides the central offices of the Conference, other Mennonite institutions are located in the Newton area—Mennonite Press (jointly owned by the Conference and Bethel

College), Bethel College, Bethel Home and Hospital, Prairie View Hospital, Meadowlark Homestead, and the MCC offices and clothing and relief center for the Midwest.

The central office facilities and bookstore are here to serve you in the area of missions, mutual aid, pensions, relief, peace, disaster service, Christian education, literature, books, Bibles, women's work, projects for men's groups, large or small investments through wills and annuities for the cause of Christ; in fact these offices now can serve in almost any matter that concerns the church and her people. It's for you to use, to visit and see for yourself what is being done here. The central offices are yours. Let them help you in making your Christian witness!

WHY CHURCH EXTENSION SERVICES?

Because of the economic changes taking place in America in the past several decades, many of the younger members of the General Conference were moving from rural areas to the cities in most of which there were no General Conference churches, resulting in a considerable loss of actual and potential membership to other denominations.

Conference officers and the Board of Missions, aware of this trend, were doing what they could to meet this need and at the same time studying the situation carefully. Among the things their study revealed was the need for a substantial financial plan much larger and broader than was being administered by the Home Section of the Boards of Missions. The creation and maintenance of such a larger financial plan, it was agreed, was a job for the Board of Business Administration to which it was assigned.

Inspired by this challenge, the Board of Business Administration accepted the challenge and set about studying the needs and possibilities, and making surveys of what the leading denominations were doing in like circumstances. By early 1958 the Board had decided on a definite plan, had won for it the whole-hearted approval of Conference leaders at Council of Boards sessions, and were further encouraged by individuals and some groups who expressed their approval and interest in this venture in a definite financial way. In general the main products of the plan were:

1. To organize and incorporate a separate department within the General Conference yet independent of it, with full powers to act for itself in all areas of its responsibility. This was accomplished on November 3, 1958.
2. That the four Conference boards should each be represented on the board of directors of the new corporation.
3. That the membership of the corporation was to consist of the members of the Board of Business Administration and the directors of the corporation.
4. That the name of the new corporation was to be "Church Extension Services, Inc., of the General Conference Mennonite Church" with its office at 722 Main Street, Newton, Kansas.
5. That since effective church extension work depends largely upon sound and adequate financing, the creation and maintenance and proper administration of a substantial church building revolving fund was essential.
6. That loans be made from this revolving fund to help build new churches, and when possible to help established churches to expand their church facilities to meet their growing needs and to better serve their community.
7. That this new organization must at all times work closely with the boards of missions of the General Conference and the Canadian Conference as well as the mission committees of the district conferences.

8. That individual members of the Conference be encouraged to make outright gifts and loans to this organization as well as provide for a bequest in their will for this worthy cause.

9. That Conference churches and district conferences make contributions and loans to the revolving fund of this corporation.

MISSIONS AND EVANGELISM

The responsibility of Conference missions and evangelism at home and abroad is given to the Board of Missions.

The following committees are auxiliaries to the Board of Missions, the membership of each being composed of two who are members of the Board and three or more others appointed by the Board:

1. The Committee on Church Unity promotes unity among the member churches of the Conference and the branches of Mennonites throughout the world. It receives applications from congregations and church conferences seeking membership within the General Conference Mennonite Church, studies such application and forwards them with recommendations to the Executive Committee of the General Conference.

2. The Committee on Evangelism promotes interest and a sense of concern in the area of gospel witness and outlines training for an effective witness in our churches and mission points at home and abroad.

3. The Committee on the Ministry arranges for a program of recruitment for the ministry. It offers advice and counsel in regard to training and recommends scholarships for worthy candidates. It provides a program of placement of ministers.

Trends

This past year has been another expe-

rience where existing programs have been maintained and in certain areas new ventures were undertaken and new programs established. In this we have again experienced the goodness of God in providing our missionary workers as well as the national leaders the necessary strength, courage, and wisdom as they through the churches bring the gospel to bear upon the lives of people. We share with you items of special note with reference to the work in the past year.

1. The churches of Canada reveal a tremendous interest and concern in the mission program. We are deeply grateful for the increased financial support that is being given by these churches. More than that we are deeply grateful for the many young people who are expressing their desire to relate themselves to the mission program.

2. This past year has seen special efforts in the production of three films, two of which will be released for showing in 1959. The two films on Japan and one on Taiwan will bring to our people in Canada and the United States a graphic description of the work in these two countries. We are confident that these pictures will inspire deep gratitude for the work which God is accomplishing in the lives of the people in Japan and Taiwan.

3. The growth of the young churches in assuming responsibilities in evangelism is significant. National leadership is directing a spiritual ministry among the national churches and challenging these churches to an aggressive evangelism. This evangelism can release a convincing witness among Christians that the life lived in Jesus Christ is truly abundant.

4. We note that there is a continuing desire to know about the religions, cultures, and political organizations of the country in which our mission program is being conducted, and our churches are concerned that our missionary trust be effective and the needs of the people—spiritual, cultural and economic—might be met in a more complete way. We deeply appreciate this concern on the part of our churches. In this past year we have seen that God's provisions are adequate to offset the powers of evil, darkness and sin. We do look forward to great things to happen because we know that with God are infinite resources that He makes available to us.

Relationship with Congo Inland Mission

The Board of Missions entered a co-operative arrangement with the Congo Inland Mission in 1943. Until that time the Evangelical Mennonite Church and the Central Conference had unitedly worked the Congo Inland Mission field. (The Evangelical Mennonite Brethren Conference entered Congo Inland Mission at the same time, that is, in 1953.)

In recent years the Central Conference has joined the General Conference and the Evangelical Mennonite Conference and the

Evangelical Mennonite Brethren Conference have united.

The Congo Inland Mission Board is composed of representatives of all these Mennonite Conferences.

Mission candidates from General Conference churches are processed by our own General Conference Board of Missions and if accepted they are recommended to the Congo Inland Mission. If suitable for a given opening, they are sent out by the Congo Inland Mission Board, our conference paying transportation, personal and field allowances, though they work under the Congo Inland Mission Board.

WOMEN'S MISSIONARY ASSOCIATION

The Women's Missionary Association is an auxiliary organization of the General Conference. It seeks to aid the work of the four boards by way of promotion and financial support. It serves in a subsidiary capacity within the framework of the overall planning of the Conference, though it is not organically connected with any board. The financial budget of the WMA is taken bodily from the budgets of the Conference boards and that of the Mennonite Biblical Seminary, its only outside interest. The WMA operates on a limited administrative budget and provides within its capacity for the publication and distribution of mission study materials and a missionary monthly, "Missionary News and Notes."

HIGHLIGHTS OF CHRISTIAN SERVICE

The faces of human misery and spiritual despair beckon us in a land of great riches. Relief and service is a part of God's way of doing mission work; of preparing the way so that the Word of Life can find fruit in the minds and hearts of persons eager to receive it.

Our relief program is characterized by a vital witness in great tension areas where the love of Christ seeks reconciliation. In Berlin, in the seething Middle East, in Southeast Asia, the distributions of food, clothes, and a demonstration of the gospel is making Christ's love known. Today, places like Jordan, Hong Kong, Korea and Germany have become tragic portrayals of our world's need.

A world-wide peace witness is being made today in areas undergoing great social and

spiritual change. We have a tremendous responsibility to bring the gospel of peace to Europe, Japan, Asia, and South America where the whole Christian witness is under test. Whole new continents are now challenging our gospel of peace. Africa is awake with nationalism and asking if the white man's gospel is really relevant to their needs.

The rehabilitation of our refugee brethren in South America and Mexico is not easy nor quick. Our assistance there is aimed to overcome the basic causes of hardship; to undergird the economy through long-term loans; to establish means of communicating and transport; and to develop agricultural resources.

"A Church at Work" would point out many highlights: Over 700 youth have served in summer voluntary service since 1945; a layman's service in disaster rescue and cleanup work; a new growth of interest in church-related vocations for our urbanizing church; a new program for women called Women in Church Vocations calling for full time service to Christ and the church; the brotherhood sharing resources and time in conserving her membership; an awakening concern about interracial relations, temperance, and our Christian responsibility to our neighbors.

1-W Evaluations

The alternative service program (1-W) will be thoroughly reviewed by all the Mennonite and Brethren in Christ groups this year. The draft will continue for another four years. With other groups in MCC the General Conference will examine how vital our peace witness has been, what has been accomplished in Christian service during the last seven years of 1-W, and what is needed for the future. At present about 150 General Conference men are serving in 1-W.

Women in Church Vocations

The Lord has blessed this new venture as young women have dedicated their lives to full-time service to Christ and the church. In May of 1959 four women will be commissioned to serve in the General Conference Mennonite Church under the program, Women in Church Vocations, joining the other seven women pioneering in the WCV training and service program. Women in Church Vocations offers a recognized channel of service designed to meet the special need of women in full-time service in our church.

Peace and Social Concerns

Christian discipleship leads us to witness for peaceful human relations and the brotherhood of man in all experiences of life. Therefore, our peace witness is a part of our concern for interracial problems; for a Christian alternative to war and violence; for consistent personal lives unmarred by the effects of alcohol; of a firm witness to government against the military nuclear testings program; and for Christian ethics in business and industry. A new thrust is under way to reinterpret the meaning of

Christian discipleship and our peace witness for the age in which we live. New peace educational materials, special conferences, and resource persons speaking in our congregations will seek to inspire us for a peace witness which is relevant to our new day.

Voluntary Service and Pax

About 250 persons are now serving or have served during this last year. These persons have dedicated a summer, a year, or longer, in service to Christ. Since 1945 over 700 young people have served in summer service alone. Especially interesting new developments in Voluntary Service opportunities include: services to Negro communities in our mission fields, openings for adults, and a teen-age work camp. All our VS openings are related closely to mission stations and related mission outreach.

Mexico—Community Services

Through our service in the Regional Hospital and in an agricultural experimental and extension service, the General Conference is reaching out a hand of fellowship and assistance to the Mennonite colonists of Mexico and their national neighbors. Often this service is tedious and little recognized, however, our hospital workers and our agricultural team clearly feel the leading of God in the work. The rewards of our service are bodies healed, spirits restored, and new hope for the future as Christ is made real through the lives of dedicated workers.

In Mexico our service workers serve as team members to the teaching and spiritual ministry of the Mission Board. Our challenge is to stand ready to help the Mexican Mennonite brotherhood as we are needed and to assist the community in developing its resources and strength.

Mental Health Services

No other church has dedicated her resources to service to the emotionally disturbed as has the Mennonite Church. It is right that we should reach out to the disturbed for Christ taught us to love all men and to minister to them in every need. Just as the hungry man needs food and the homeless man a roof, so, too, the lonely need fellowship, the undisciplined need order, and the enslaved need freedom.

In the three mental hospitals and in a fourth psychiatric center being planned, the ministry of restoration and freedom is given in the name of Christ. The costs of care that will really provide release from illness are high. Every effort is made to provide hospitalization care within reason and reach of all in need. Good mental health is everyone's business. It calls for dedicated vision, a service of compassion, and the prayers of us all.

A New Generation—The Aged

A whole new generation is being added to the church: the large number of retired and older adults. The needs of the aged and their problems are altogether different than those of the church in general. How shall the church meet their spiritual and

physical needs? How can we help our aged to find happy, resourceful, and productive senior years? Are more and bigger homes for the aged really meeting these needs? Through this year, special study and planning will be given to how best our Conference can assist each congregation and family to resolve our growing responsibility for the problems of this new age group in the Church.

Mennonite Disaster Service

This joint effort of Mennonites to render disaster aid had its beginning in the Midwest early in 1952. Today there are many area organizations from California to Maryland and from Florida to Northern Canada.

In a new folder prepared by Mennonite Disaster Service this brief message says why we seek to serve and explains MDS to the disaster victim.

"Bear ye one another's burdens and so fulfill the law of Christ. Thou shalt love the Lord thy God with all thy heart . . . and thy neighbor as thyself."

—The Bible

"We may be strangers to you but you are our neighbors. We cannot fully understand your loss but we want to share your burden."

"We wish to follow Christ and His teaching in all our living. We consider anyone in need our neighbor. When disaster strikes we desire to give assistance as we are able."

"God sent Jesus into this world of distress and sin because He understands and wants to help those who are in need. As Christian people we want to share this love with you by helping you and reminding you that Christ died to redeem each of us."

"If we can be of further assistance, whether physical or spiritual, please feel free to call on any of our volunteers."

Mutual Aid Services, Inc., is a sub-agency of the Board of Christian Service organized to sponsor a program of education for Christian brotherhood and for the implementation of plans for assistance and sharing within our congregations. We believe that mutual aid is a natural expression of the Christian life, issuing in a concern for every individual in the fellowship. Within the Christian fellowship each person's problem is also everyone's concern culminating in the sharing of resources so that all may live happy and productive Christian lives.

Mutual Aid Services, Inc., seeks, therefore, to do two things: (a) stimulate the idea of local congregational assistance within the brotherhood, and (b) sponsor some programs that will pool the resources and needs of the larger brotherhood for our mutual benefit.

Assistance Loans

Young people who are active in church, but who lack the financial means to independently establish a business or profes-

sion, complete their education, or set up a home, are eligible for loans from Mutual Aid Services, Inc. Loans are modest in size and follow good Christian business formulas. Interest rates are comparative to conservative commercial rates. Anyone is eligible to inquire or apply although preference is given to young people.

Investment Services

Mutual Aid Services, Inc., offers 3% and 4% interest payable annually on all investments of \$100 or more. Investments are secured by real estate or other tangible security and the good name of the General Conference as well as sound investment loaning policies. Currently Mutual Aid Services, Inc., is soliciting an additional \$25,000 for 1959. You are invited to consider investing some of your savings in your church agencies.

Hospital-Surgical Aid Plan

The Mennonite Aid, Inc., Hospital-Surgical Aid Plan is promoted as a recommended way to share the costs of health care with-

in the Christian brotherhood. Through the Mennonite Aid, Inc., Plan, individuals, families, or church groups can effectively share their costs in a manner acceptable in the Christian family. The plan provides substantial health benefits to the members at a reasonable cost. It is not a competitive plan, but a sharing plan whose concern is for the welfare of each member in a time of crisis. Application and information are available on request.

"What doth it profit, my brethren, though a man say he hath faith, and have no works? can faith save him? If a brother or sister be naked, and destitute of daily food, And one of you say unto them, Depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit? Even so faith, if it hath not works, is dead, being alone" (James 2:14-17).

"We then that are strong ought to bear the infirmities of the weak, and not to please ourselves. Let every one of us please his neighbor for his good to edification" (Romans 15:1-2).

"Look not every man on his own things, but every man also on the things of others" (Philippians 2:4).

MENNONITE CENTRAL COMMITTEE

Mennonite Central Committee began in 1920 when Mennonites of North America sent relief to their famine-stricken brethren in Russia. Its task was to co-ordinate and administer relief and services for the individual Mennonite churches and relief commissions. In 1929 MCC was called to help Russian Mennonites who were fleeing political persecution and migrating to Canada and South America. In World War II there were two tasks. The committee assisted young men in Civilian Public Service as an alternative to military service and prepared to administer relief to thousands in war devastated countries. A large amount of goods and cash has been contributed since World War II.

Millions of persons in twenty-six countries have been clothed and fed. Refugees have been resettled in North and South America. MCC has sought to witness in the name of Christ wherever national tensions, disasters, and wars cause hatred and suspicion or wherever a neighbor is in need. The scope of responsibility has grown, but MCC is still an agency of the member churches, co-ordinating relief and rehabilitation services. There are four separate administrative sections: Foreign Relief and Services, Voluntary Service, Mental Health Services, and the Peace Section.

The General Conference, through the Board of Christian Service appoints representatives to each of these four sections to form the Mennonite Central Committee. This committee meets annually to express the desire of the churches concerning the service that can and should be affected through the MCC.

It is important to remember that in the

General Conference the Board of Christian Service is the co-ordinating agency for our congregations. All offerings, personal gifts and contributions for relief work, peace, voluntary service, and mental health should be channeled through the Board of Christian Service to receive proper credit for the congregations concerned.

EDUCATION AND PUBLICATION INVOLVEMENTS

Christian education is basic to all phases of the work of the church. Before people can accept the Christian faith they must be taught the gospel of Christ. They must further be taught things pertaining to the faith in order to grow in Christian living and witnessing; and teaching is necessary to motivate them to serve God and their fellow men. The Board of Education and Publication employs various media to accomplish this great task of Christian education. Committees functioning under the Board of Education and Publication have been established to give attention to all phases of this work.

The Editorial Committee concerns itself mainly with curriculum (teaching materials). For the past several years this committee has been planning and producing the Living Faith Graded Sunday School Series. With the fall quarter 1959 the Primary Year I materials will be available. Imprint editions of Nursery and Kindergarten materials are already in use. Junior and Intermediate materials will be issued in the next few years to complete the project. Besides this special project, the committee issues the regular Uniform Sunday School Series in adult (English and German), youth, intermediate, and junior quarterlies. (Junior and Intermediate Uniform will be discontinued when graded materials are completed.

The Editorial Committee reviews policy on "The Mennonite" and "Der Bote," the official Conference papers, and the "Junior Messenger" and "Der Kinderbote," children's story papers. Other publications include worship materials for the home, catechism instruction materials, books, and pamphlets.

Assisting the committee with the several phases of its work are three subcommittees: the Church Music Committee, the Associate Editors of "The Mennonite" and the Editorial Board for "Der Bote." Also affiliated with the Editorial Committee is the "Bibel und Pflug" Committee which gives assistance to the South American paper published in the German language in Brazil.

The Publishing Committee is the business committee for the Board and works in close co-operation with the other committees. One of the major concerns of this committee is the planning and raising of the budget for the Board of Education and Publication. It is charged with directing operations of Mennonite Press, which is owned jointly by the Board and Bethel College, and supervises Mennonite Publication Office and Bookstore and the bookstores at Berne, Indiana, and Rosthern, Saskatchewan.

Conference-related schools and colleges are represented by the Committee on Educational Institutions. Keeping students in non-Conference schools and colleges informed on Conference activities is an annual project of this committee. This year a College Plan Survey for 1959-1976 was made to ascertain the approximate number of students planning to attend college so that provision may be made for increased enrollment. Other areas of work are student conferences and publications.

The Historical Committee tries to preserve for future generations historical information related to the Mennonite Church. Important documents are microfilmed and books are occasionally added to the Mennonite Historical Series. The past three years the committee has worked on a program for the observance of the centennial of the General Conference at its triennial sessions in 1959.

Concerns related to the home, the church, and the community are areas in which the Committee on Education in Church, Home, and Community functions. Subcommittees operating under this committee are the Church Discipline Study and the Retreat Committee. Guidance is given to children's work, family worship, leadership education in the church school, and various phases of local church work.

The Radio Committee is continuing its experimentation with the radio medium of communication. Twice-daily fifteen-minute broadcasts are sponsored in the vicinity of the General Conference central offices.

The Visual Aids Committee previews films and filmstrips. Reviews are sent to the Audio-Visual Resource Guide and "The Mennonite" making available information to guide individuals or groups in the selection of films or filmstrips.

The Committee on Youth Work is a new committee formed at the last annual meeting of the Board to co-ordinate youth work in the Conference with the Board.

Conference Relationships

Mennonite Biblical Seminary is the graduate ministerial training school of the General Conference Mennonite Church. The Seminary is operated by due authorization of this conference under the supervision of a Board of Trustees constituted as prescribed by the conference constitution. It reports annually to the district conferences and to the Canadian Conference of the General Conference Mennonite Church and triennially to the General Conference sessions. As

part of the Associated Mennonite Biblical Seminaries, Goshen College Biblical Seminary, the Seminary co-operates with other Mennonite schools but remains essentially autonomous and continues to be responsible to the General Conference Mennonite Church through the Board of Trustees.

HOMES AND HOSPITALS

Mennonite hospitals and homes for the aged have developed varying patterns of administration and representation. The General Conference has approved procedures for recognition and for official lines of relation to the General Conference. We list below those that have been officially recognized by the Conference as well as those eligible for recognition. We also distinguish between conference institutions and inter-conference institutions. Conference institutions are supported by a group of congregations within the General Conference; inter-conference institutions are supported by other Mennonite or non-Mennonite church groups as well as General Conference congregations.
